

tesa...Adhesive Tape Solutions

Your Partner to the Industry

Our Heritage

For over a century, tesa has pioneered the development of pressure-sensitive adhesive tape technologies. This rich tradition of innovation dates back to 1882 when the company's founder patented a method for manufacturing medical adhesive dressings. With this invention came the beginning of a global enterprise dedicated to the development and promotion of advanced adhesive tape solutions.

At tesa, we don't just talk about tape, we invented it.

Global Presence

tesa is one of the world's leading manufacturers of self-adhesive tape solutions for numerous industries. Our experience in pressure-sensitive technologies has transformed many industrial applications around the world.

Today, the worldwide tesa enterprise services customers in over 100 countries around the globe and holds hundreds of product patents. The company's **ten** production sites located throughout Germany, Italy, the United States, Malaysia, Australia, China, and Singapore, ensure that clients all over the world benefit from the same high standard of quality

With more than 3,700 employees across 51 subsidiaries around the world, tesa stands committed to exceptional customer service on both a global and local basis.

Local Essence

Based in Charlotte, North Carolina, tesa North America is well positioned to serve the North American market with customized tape solutions that are unique to this region. With over 35 sales offices throughout the United States, Canada, and Mexico, the tesa® team is poised to provide you with efficient service and products to meet your requirements day in, day out.

The Next Generation of Adhesive Tape Solutions

Innovation

At tesa, we are committed to pioneering new adhesive technologies that go beyond typical applications for tape. Our advanced research and development centers located around the world bring you the best tape solutions derived from more than a century of research. Today, tesa holds over 840 patents for unique adhesive tape formulations, and we continually develop innovative products to meet the changing needs of our customers.

State-of-the-Art Fastening Systems

tesa's broad offering of double-sided fastening tapes provides unique, cost-effective, and reliable solutions for bonding and mounting.

Make your choice based on each tape's combination of bonding strength, material thickness, time requirements, and environmental conditions. They're the perfect answer in a surprising array of applications.

Out-of-the-Box Packaging Tapes

tesa offers an array of unique tapes to enhance packaging options, including tapes for opening, closing, and reinforcing.

Unique Solutions for Specialty Applications

tesa continues to pioneer new innovations for non-traditional applications. Latest developments include tapes for unique product identification, counterfeit and theft protection, custom packaging designs and printing, electronic component assembly, and much more.

Second-to-None Masking Systems

No matter what you're painting, tesa makes a tape that delivers superior performance for your specific conditions, materials, and surfaces. From fine paint lines and designs to woodworking and general use, tesa masking tapes deliver the results you want.

Our Purpose: To Be Your Partner in Your Industry

Paper and Printing

Paper

When splicing web-to-web paper reams is critical, there's only one solution - the tesa EasySplice® Family. Now complex splice patterns are a thing of the past!

Package, Commercial, and News Printing

The tesa® Toolbox of products allows for maximum print speeds and unmatched print quality. The tesa EasySplice® Family continues to revolutionize the printing industry with state-of-the-art plate mounting, splicing, web feeding, and other tape systems.

Automotive and Transportation

tesa provides bumper-to-bumper solutions for virtually anything that drives, flies, sails, or runs on rails. Our portfolio includes tapes for paint masking, surface protection, wire and cable fixing, labeling, and many more applications!

Electronics

tesa provides a large selection of adhesive solutions for use in electronic devices. Most notably, our tried-and-true double-sided tapes secure many internal components, while our security tape line protects goods from theft and tampering.

Appliance

tesa provides a professional series of practical solutions tailor made for the production of refrigerators, stoves, washers and dryers, and other large appliances.

Corrugated

With a comprehensive range of reinforcing, opening, and closing tapes, tesa provides manufacturers of corrugated cardboard with unique system solutions to optimize packaging.

The Possibilities Are Endless!

Our Commitment

As a partner to the industry, tesa works closely with customers to analyze production processes in order to develop custom solutions for increasing efficiency and / or optimizing end products.

With over 35 sales offices in North America and ten manufacturing facilities strategically located around the world, tesa is prepared to provide the prompt, attentive service you not only need but also expect. Our commitment to customer satisfaction is never compromised and always extends beyond the roll of tape.

Quality

The tesa® quality assurance program ensures that tesa products meet rigorous quality standards before they are shipped from our manufacturing facilities.

Service

tesa customers have access to a large number of support personnel to assist with service needs. This arsenal of support includes field territory managers, customer care associates for customer service inquiries via phone, fax, or email, application and sales experts, as well as a resource that's open day and night – www.tesatape.com.

Innovation

A dedicated research and development staff is continuously at work creating and testing new products for both common and highly-specialized applications.

Extensive Product Offering

tesa offers a full range of tape products, including double-sided, masking, packaging, and duct tapes, as well as a myriad of other standard and specialty tapes. Our comprehensive product line renders tesa customers a single source for all their tape needs – a savings of time and money.

Partnership

At tesa, we take pride in our strong distributor and end-user partnerships that result in mutual business success. tesa partners are equipped with the necessary tools, training, and support to effectively sell or use tesa products.

Value

Not only do tesa customers receive products that perform, they also receive the tesa commitment to provide service to our customers, beyond the roll!

At tesa, it is our charter to provide our customers with service levels and applications expertise that are second to none in the industry. With this as our goal, we stand committed to providing adhesive tape solutions beyond the roll! We've proven our commitment to thousands of customers for more than a century. Let us prove ourselves to you.
